Author Of The Time Machine

Time Machine is a backup software application distributed as part of macOS, desktop operating system developed by Apple. The software is designed to work with AirPort Time Capsule, the Wi-Fi router with built-in hard disk, as well as other internal and external disk drives. It was introduced in Mac OS X Leopard

Time Machine (macOS) - Wikipedia

The Time Machine is a science fiction novella by H. G. Wells, published in 1895 and written as a frame narrative. The work is generally credited with the popularization of the concept of time travel by using a vehicle that allows an operator to travel purposely and selectively forwards or backwards in time. The term "time machine", coined by Wells, is now almost universally used to refer to ...
