The Skills ® BIP Builder is the ultimate tool for efficiently designing effective behavior intervention plans for challenging behavior. Proven and safe, the Skills ® BIP Builder uses evidence-based practices and emphasizes least-intrusive procedures. With the Skills ® BIP Builder, professionals can spend fewer hours creating plans and more hours doing what matters most - treating children.

Skills - Solution for Behavioral Health | Professional

Skills management is the practice of understanding, developing and deploying people and their skills. Well-implemented skills management should identify the skills that job roles require, the skills of individual employees, and any gap between the two.

Skills management - Wikipedia

Abstract. Executives today are interested in developing a best practice around project management within their organizations. Some of this interest stems from the economy and the need to do more with less—reduced timelines to get a product/service to market to increase revenue, smaller budgets to get projects completed, and reduced project management staff due to layoffs and/or restructuring.

Developing a project management best practice - PMI

Developing leadership skills for Christians is often limited to theological or worship leadership. Sadly, developing people and organisational leadership skills is badly neglected.
