Contract can be used as a risk management tool, as in transferring risk. Centralized Contracting refers to a separate contracting office that handles contracts for all projects. In De-centralized Contracting a contract administrator is assigned for each project.; Force majeure is a powerful and unexpected event, such as hurricane or other disaster.

By: Jesse Nieminen It isn't exactly easy to succeed in innovation. The vast majority of innovation attempts seem to fail and a mere 6% of executives are satisfied in their innovation performance, despite innovation generally being considered as very important for the future of their organization.. If there was a simple recipe for succeeding in innovation, we'd most certainly see numbers ...

Linguistics is the scientific study of language. It involves analysing language form, language meaning, and language in context. The earliest activities in the documentation and description of language have been attributed to the 6th-century-BC Indian grammarian Pāṇini who wrote a formal description of the Sanskrit language in his Aṣṭādhyāyī. ...
