Acropolis The Parthenon Parthenon Metopes Minoan Art Greek Pottery Sculpture and Art Architecture in ancient Greece: Greek life was dominated by religion and so it is not surprising that the temples of ancient Greece were the biggest and most beautiful.They also had a political purpose as they were often built to celebrate civic power and pride, or offer thanksgiving to the patron deity of a ...

Ancient Greece - Art and Architecture, Sculpture, Pottery ...

The Archaic age (see History of Greek Europe) was the formative period of Greek architecture, during which the typical layouts, proportions, and decorative elements of the Greek temple were established.. The earliest Greek temple design was essentially a rectangular building with a portico (covered porch with columns) fitted to the entrance. This plan was based on the Mycenaean megaron (see ...

Greek Architecture | Essential Humanities

The architecture of ancient Greece is the architecture produced by the Greek-speaking people (Hellenic people) whose culture flourished on the Greek mainland, the Peloponnese, the Aegean Islands, and in colonies in Anatolia and Italy for a period from about 900 BC until the 1st century AD, with the earliest remaining architectural works dating from around 600 BC.

Ancient Greek architecture - Wikipedia

Greek art began in the Cycladic and Minoan civilization, and gave birth to Western classical art in the subsequent Geometric, Archaic and Classical periods (with further developments during the Hellenistic Period). It absorbed influences of Eastern civilizations, of Roman art and its patrons, and the new religion of Orthodox Christianity in the Byzantine era and absorbed Italian and European ...
