The profit margin can also depend on how high the demand is for the car. If it's a new model with long waiting lists -- such as the all-new Chevrolet Corvette when it first came out -- expect to see a fairly high retail price and little room for negotiation. On some in-demand new cars, you'll even sometimes expect to see a market adjustment to the MSRP where a dealer will be asking for more ...

The amount of storage space is one of the hardest decisions to make when deciding on an iPad model. Most of the other decisions like going with a Mini, an Air or the absolutely huge iPad Pro can be made based on personal preferences, but it is difficult to judge just how much storage you'll need until you actually need that storage. And while it is always tempting to go with the higher storage ...

Shore Power: Here, obviously, you're tying into the larger electrical grid which (hopefully) doesn't shut off. But shore power runs at 120 volts and your battery stores at 12 volts. To convert things from one voltage or another, your RV will employ a "converter" (not a terribly creative name) or an inverter/charger.
