Garden roses are predominantly hybrid roses that are grown as ornamental plants in private or public gardens. They are one of the most popular and widely cultivated groups of flowering plants, especially in temperate climates. Numerous cultivars have been produced, especially over the last two centuries, though roses have been known in the garden for millennia beforehand.

Fossilized ticks are known from the Cretaceous onwards, most commonly in amber. They most likely originated in the Cretaceous (), with most of the evolution and dispersal occurring during the TertiaryThe oldest example is an argasid bird tick from Cretaceous New Jersey amber. The younger Baltic and Dominican ambers have also yielded examples that can be placed in living genera.

C. elegans has a rapid life cycle (3 days at 25° from egg to egg-laying adult) and exists primarily as a self-fertilizing hermaphrodite, although males arise at a frequency of <0.2% (). These features have helped to make *C. elegans* a powerful model of choice for eukaryotic genetic studies. In addition, because the animal has an invariant number of somatic cells, researchers have been able to ...

I felt like I had to make this post after reading a post where someone basically asked if pathfinder still has an appeal. Now before I start I should point out that this post is not me just trashing on D&D 5e, I used to absolutely adore the system and I understand why so many people like it and I still don't dislike it or anything like that.

I think pathfinder may have killed 5e for me. : Pathfinder_RPG

A place to ask for help on finding quotations, etymologies, or other information about particular words. The Tea room is named to accompany the Beer parlour.. For questions about the technical operation of Wiktionary use the Beer parlour.

It seems that teenagers find that social networking is an important part of their daily life, they join a social network and join the playground of social networking.. During my research of youth and social networking I looked into the age of teenagers who join social networks like Facebook to find out about different aged youth groups and their need to be part of a social network.
