The Sociological Study of Religion - Hartford Seminary

Sociology is the study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. While some sociologists conduct research that may be applied directly to social ...

Sociology - Wikipedia

The International Society for the Sociology of Religion (ISSR) is an organization dedicated to the advancement of knowledge in the sociology of religion.

ISSR - International Society for the Sociology of Religion

Historically, sociology of religion was of central importance to sociology, with early seminal figures such as Émile Durkheim, and Max Weber writing extensively on the role of religion in society. Today, sociologists have broadened their areas of interest, and for many religion is no longer considered key to the understanding of society.
