In typesetting and page layout, alignment or range is the setting of text flow or image placement relative to a page, column (measure), table cell, or tab. The type alignment setting is sometimes referred to as text alignment, text justification, or type justification. The edge of a page or column is known as a margin, and a gap between columns is known as a gutter

In some role-playing games (RPGs), alignment is a categorization of the moral and ethical perspective of the player characters, non-player characters, monsters, and societies in the game. Not all role-playing games have such a system, and some narrativist role-players consider such a restriction on their characters' outlook on life to be overly constraining.

Brandobaris (pronounced: /,b r ɑ: n d ɔ̃' b ɛər ɪ s/ BRAN-do-BAIR-iss) was the halfling deity of thievery and an exarch of Sheela Peryroyl. [citation needed] He was the misapprehensions of halflings held by most races in divine form. He was constantly scheming and meddling, as he was curious and with a short attention span. Where the tall races would put more interest in one's purse than ...
