Referent power is the power or ability of individuals to attract others and build loyalty. It is based on the charisma and interpersonal skills of the power holder. A person may be admired because of specific personal trait, and this admiration creates the opportunity for interpersonal influence.

Power (social and political) - Wikipedia

Schiff bases, named after Hugo Schiff, are formed when any primary amine reacts with an aldehyde or a ketone under specific conditions. Structurally, a Schiff base (also known as imine or azomethine) is a nitrogen analogue of an aldehyde or ketone in which the carbonyl group (C=O) has been replaced by an imine or azomethine group.
