First, go to The Tough Guide to the Known Galaxy and read the entry "FUTURE HISTORY". Then read
the TV Trope's Standard Sci-Fi History (you might also want to read the TV Trope's Standard Sci-Fi
Setting. Hackneyed, formulaic, derivative, and space opera; but very common). Also check out this
website's historical timeline of (mostly) real world events.. The 1950's flavored future history below
is ...

Of those American vessels near the Argonne when first contact was made with the enemy, only the
Washington was sufficiently massive to go out in a blast of yonder size and shape. If that was the
case Captain Martin Diaz of the United States Astromilitary Corps was a dead man. The other ships
of the line were too distant, traveling on vectors too unlike his own, for their scout boats to come ...
