Milk only does some bodies good. Many mistake a milk allergy for lactose intolerance since many of the symptoms are similar, but a milk allergy occurs when the body's immune system reacts abnormally to milk proteins, while lactose intolerance involves digestive problems as a result of being incapable of breaking down certain enzymes.

I tried this recipe this morning and was sad to see that the resulting pancakes were gummy, heavy, and had an off flavor. I used Bobs Redmill 1 to 1 flour, almond milk, and I substituted the applesauce with a flax egg, which I have successfully substituted on numerous gluten free and vegan pancake recipes with amazing results.

Apple Nutrition: Benefits of Apples 1. Great Source of Cancer-Fighting Antioxidants. Apples are a high-antioxidant food and a very significant source of flavonoids in people's diets in the U.S. and in Europe. In the United States, 22 percent of the phenolic antioxidants consumed from fruits are from apples, making them the largest single source of these compounds.
